STORY OF THE MONTH: Investing in Our Students at Madrona Venture Group

"My favorite part of the worksite tour has been getting to know the people, and hearing about how they've come a long way to be where they are right now," said Habiba, a Lindbergh High School student.

When Lindbergh students visited Madrona Venture Group, employees organized a competition based on the TV series "Shark Tank." In teams, the students developed ideas for apps and then pitched them to a panel of judges. [Read the story](#) to see how local professionals inspired students to transform their passions into possibilities.

COLLEGE KNOWLEDGE TRANSLATIONS

[College Knowledge](#) materials are now available in the top five languages spoken

at home by students in Washington state: English, Russian, Somali, Spanish and Vietnamese. Community members reviewed the translations to make sure the language was appropriate and accessible.

Get all 23 digital handouts and learn more about this collaborative project for student success!

ROAD MAP PROJECT 2017 RESULTS REPORT

How many students in our region want to go to college vs. how many students are actually going? How are young leaders inspiring change in our schools? How are youth who have been disconnected from school receiving support to get reengaged? Check out the Road Map Project [2017 Results Report](#) for data and stories on all of these college and career readiness issues in our region! (And check out pages 30-31 for the feature on DiscoverU!)

DiscoverU encourages our community to come together and promote college and career exploration for the region's youth. Through fun activities in and out of school, students throughout Seattle and South King County will have opportunities to explore their futures. DiscoverU puts student interests at the center and helps connect their aspirations with the many pathways to get there.
