

## Graduation Year

### TARGET GRADES

Elementary School

### OBJECTIVE

Students begin thinking about their goals and what their future would look like.

### MATERIALS

Optional: Art supplies (paper, crayons, markers, color pencils)

### PREP TIME REQUIRED

N/A

### PREP STEPS

N/A

### ACTIVITY TIME REQUIRED

15+ minutes

### ACTIVITY INSTRUCTIONS

- Students calculate their graduation year (high school and/or college—if college they should calculate 2 year and 4 year graduation years)
- 10 minutes to imagine and discuss what the world and their life will be like in that year(s).  
Questions prompts can include:
  - What will be different in your neighborhood?
  - What will we be doing in school?
  - What will we be wearing?
  - What will you be doing at that time?

Optional: Students can draw what they think they will look like in their graduation year. In their picture, they can incorporate their school, their neighborhood, their goals, etc.
