

## Illustrating Myself

### TARGET GRADES

Elementary School

### OBJECTIVE

Students reflect on their interests, goals, and imagine their future selves by creating stickers (pictures or words) illustrating what they want to be when they grow up.

### MATERIALS

Large blank stickers (shipping labels or blank nametags)  
Coloring materials (markers, crayons, colored pencils)

### PREP TIME REQUIRED

N/A

### PREP STEPS

Optional: Create a list of potential jobs students may be interested in. You can also include a description of the job and the education needed to obtain that job.

### ACTIVITY TIME REQUIRED

15-25 minutes

### ACTIVITY INSTRUCTIONS

Students draw a picture of themselves in their chosen career or draw something that represents the career on their sticker. Students can take turns sharing what career they chose and why they chose it. Student will be able to wear their stickers throughout the day.
